*RE: Kanab City Business Licenses*

To Whom It May Concerns:

Please accept this letter as notice that all valid Kanab City Business Licenses as of December 31 2010 continue in effect until March 31 2011, assuming compliance with all provisions of the original license other than duration. Please see below for an explanation.

On 9 November 2010 the Kanab City Council passed Ordinance 11-1-10 O, which amended the City's General Ordinances concerning Business Licenses. One of the results of these amendments was changing the effective dates of Business Licenses from January-December to April-March. This was done in a manner so that all valid Business Licenses as of December 31 2010 would continue in effect, assuming compliance with all other provisions of the license, until March 31 2011.

With further questions, please contact our Kanab City Manager Duane Huffman.

Sincerely,

A handwritten signature in black ink, appearing to read 'Nina Laycook', written in a cursive style.

Nina Laycook,  
Mayor
